

PERMANENTLY CLOSING

We regret to inform you that AfterHours Pediatrics will be permanently closing our doors. We can't fully express our deep gratitude for your business and support over the past 5 years.

Our last effective day of business will be June 5th. Until that date, we will continue to provide services as normal. We encourage you to use your pediatric primary care office for your day-to-day sick visit needs. Most offices can accommodate same-day visits upon request and offer weekend options.
